VOXTONEPRO

VoxTonePro disrupts outdated principles of how companies brand themselves through audio branding.

VoxTonePRO enables any brand to quickly and cost effectively create scalable audio marketing content. This audio content is created with a simplified one click order process.

Content created can be used to deploy through audio ad networks, or used with visuals towards explainer videos and much more.

**Can you produce hundreds of voice prompts, audio ads, music scores with voiceover narration all in-house?
Are you able to do this in-house with scalability, at low cost but with premium content?**

Simple audio ads or music scores with voiceover narration can cost thousands to produce. If your content requires music or voiceover narration, you may face the headaches of rights management. To get this all produced, Industry standard turnover often vary from 4-7 days. **VoxTonePRO** has addressed all these problems with one simple portal. We deliver content within approximately 24hrs. You can design a **VoxTonePRO** with full voiceover narration, music, sound effects for \$14. No negotiations with voiceover staff, no complex licensing issues, it's all non-variable flat rates. We even whitelabel the orderform with your own branding.

AGENCY

VoxTonePRO b2b gives your agency an in-house backend tool, to effectively create premium audio marketing content. No more seeking out production studios for simple designing of audio marketing content. Now it's all done through one, royalty free order form process.

METHOD

END USER

We give you access to a white-labeled backend portal, where you can create audio marketing content for internal content development. The portal even gives you the ability to create customer login ids, giving your customers their own access to self-serve.

CONTENT PUSH & DELIVERY

From one simple order form page, as you can see at www.voxtonepro.com/orderform, your audio content can be designed and created. Select voiceover artists signed to our roster, exclusive premium background music, even environmental sound effects.

CONTENT DEPLOYMENT

Once your preferences are selected, the VoxTonePRO team receives your content order. Content is created, pushed to your API or directly to email as a download file(s). ETA is 24hrs to 48hrs.

BENEFITS

- Create hundreds or thousands of scores with voiceover narration, audio ads, voiceover prompts and more. No longer worry about variable rates or scalability issues.
- New revenue stream for your business with its full customer support and content management backing.
- Premium music content available to mix with the voiceover narration at no extra cost.
- Our voiceover artists are signed to our roster. We operate like a record label, we seek talent and A&R them. This ensures you're always getting premium reliable talent and content.
- Platform can push content to any API with a 24hr delivery turnover.
